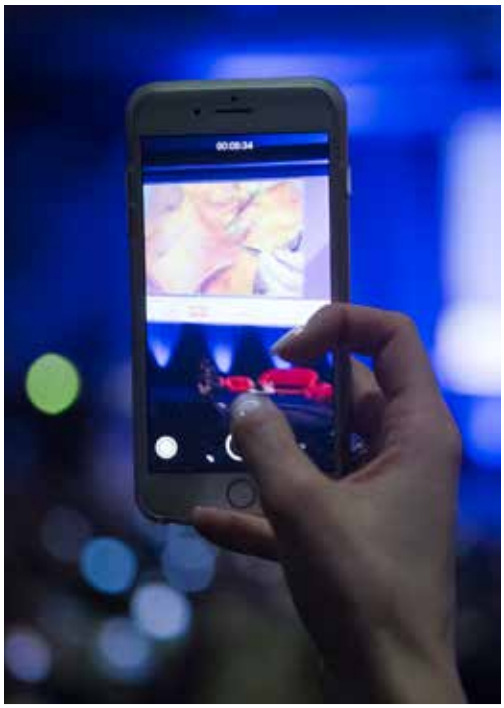
YOUR LINE OF WORK



Picture taken at IMCAS Annual World Congress 2018 in Paris during the Anatomy on Cadaver Workshop

Welcome to the 21st edition of IMCAS Annual World Congress.

At IMCAS, we always strive to provide the most recent, most relevant educational content that will help you update and upgrade your practice. This ambition, along with the many contributions from our speakers, exhibitors, delegates and partnerships, is what enabled us to become one of the most anticipated international conferences today.

The 21st edition returns with 265 scientific sessions constructed upon 15 key themes including injectables, lasers & EBD, clinical dermatology, cosmeceuticals, face surgery, breast and body surgery, regenerative surgery and cell therapy, genital treatments, hair restoration as well as professional business.

This year boasts two LIVE courses guaranteed to boost your anatomical and practical knowledge. First is the Thursday classic favorite Cadaver Workshop, which offers an extensive look at the anatomy for injections and threads, genital and EBD treatments through a simultaneous transmission of live dissections and live demonstrations.

The brand new Live Aesthetic Surgery Course, the second live event on Friday, follows the format of the Cadaver Workshop with focus on topics related to plastic and facial plastic surgery. As part of IMCAS Surgery, a three-day surgical module to perfect your skills, the Live Aesthetic Surgery Course presents realtime simultaneous transmissions of live dissections and live surgery performances on the face, neck, breast and buttocks with debates.

For delegates looking to broaden their vision and breadth, the Global Market Summit on Friday centralizes key industrial revolutions in the aesthetic field. Meet the big players of the industry through three informative events to understand the main elements and activities of the market: mergers & acquisitions, future innovations, deployed strategies and investments.

To accommodate the extraordinary number of participation, the exhibition is expanded and takes place on three levels this year, with Level 1 dedicated to an area specifically designed for IMCAS Surgery.

With all these new and exciting sessions, wouldn't it be nice to attend every single one? For those who share this vision, there is IMCAS Academy! The e-learning platform gathers all the presentations from IMCAS congresses, past and present, so that you can watch and rewatch the lectures on any of your devices! Now with the IMCAS Academy App, you can truly learn on-the-go. Anytime, anywhere. Visit the IMCAS Academy booths to try it out for yourself.

Finally, be sure to experience the congress to its full extent with our very own congress app which allows you to customize your agenda, nagivate with a smart map and connect with other participants. For more opportunities to socialize with peers, don't miss the Networking Cocktail on the second night, and our famed Gala Dinner and After Party on the last night to discuss, exchange, but most of all, flourish in good company.

Thank you for being part of the IMCAS Community.
Stay curious and passionate with us!

JOURNAL CORNER*

AESTHETIC SURGERY JOURNAL

EDITOR: DR FOAD NAHAI, PLASTIC SURGEON (USA) - WWW.ASJ.OXFORDJOURNALS.ORG

Aesthetic Surgery Journal is a peer-reviewed international journal focusing on scientific developments and clinical techniques in aesthetic surgery. It is the official publication of the American Society for Aesthetic Plastic Surgery (ASAPS).

DERMATOLOGY JOURNAL

EDITOR: PR GREGOR BORUT ERNST JEMEC, DERMATOLOGIST (DENMARK) - WWW.KARGER.COM

Dermatology provides a worldwide survey of clinical and investigative dermatology. Original papers report clinical and laboratory findings. In order to inform readers of the implications of recent research, reviews prepared by invited, internationally recognized scientists are regularly featured. In addition, the journal publishes papers on novel treatments, surgical pearls, consensus guidelines and industry news.

DERMATOLOGIC THERAPY JOURNAL

EDITOR: PR TORELLO LOTTI, DERMATOLOGIST (ITALY) - WWW. ONLINELIBRARY.WILEY.COM

Professor Lotti is the DTH editor-in-chief, and also a prolific author in the field. Because of new data and current discussion, Professor Lotti has chosen to curate some recent articles in the fields of melanocytes, repigmenting senescent hair, Vitiligo, and treatment of skin diseases with well-known remedies. Dermatologic Therapy takes pride in its truly international editorial board, with representatives from 34 countries.

JAMA DERMATOLOGY

EDITOR: PR KENADE SHINKAI, DERMATOLOGIST (USA) - WWW.JAMANETWORK.COM

JAMA Dermatology has been in continuous publication since 1882. The journal publishes material that helps in the development and testing of the effectiveness of diagnosis and treatment in medical and surgical dermatology, pediatric and geriatric dermatology, and oncologic and aesthetic dermatologic surgery.

JAMA FACIAL PLASTIC SURGERY

EDITOR: DR JOHN S RHEE, FACIAL PLASTIC SURGEON (USA) - WWW.JAMANETWORK.COM

JAMA Facial Plastic Surgery is an international peer-reviewed journal that focuses on advances in reconstructive and aesthetic procedures to improve patient's quality of life, and encourages a deeper understanding of the basic sciences related to facial development and wound healing.

JOURNAL OF DRUGS IN DERMATOLOGY

EDITOR: DR PERRY ROBINS, DERMATOLOGIST (USA) - WWW.JDDONLINE.COM

The Journal of Drugs in Dermatology (JDD) offers one of the fastest routes to disseminate dermatologic information. JDD presents original articles, award-winning case reports, and timely features pertaining to new methods, techniques, and drug therapy in dermatology, which provides readers with peer-reviewed content of the utmost quality.

JOURNAL OF AESTHETIC NURSES

EDITOR: CHERYL BARTON, AESTHETIC NURSE (USA) - WWW.MAGONLINELIBRARY.COM

Journal of Aesthetic Nursing (JAN) is the only peer-reviewed clinical and professional journal for aesthetic nurses. With a view to continually support aesthetic nurses in advancing their clinical practice and practice management skills, JAN publishes high-quality, evidence-based articles, including clinical overviews and case studies, with a strong focus on non-surgical cosmetic procedures.

SKIN APPENDAGE DISORDERS

EDITORS: DR DIMITRI RIGOPOULOS AND DR ANTONELLA TOSTI, DERMATOLOGISTS (USA) - WWW.KARGER.COM

Skin Appendage Disorders provides a wide range of original and review articles dealing with all aspects of hair, nails and skin glands. Covering all aspects of the fields, Skin Appendage Disorders is of primary importance for dermatologists in clinics and research, dermatological surgeons as well as cosmetic dermatologists.

THE PMFA JOURNAL

EDITOR: PR ANDREW BURD, CONSULTANT BURNS AND PLASTIC SURGEON (UK) - WWW.THEPMFAJOURNAL.COM

Written by the profession for the profession, the PMFA Journal is a unique publication, which brings together the related fields of plastic and maxillofacial surgery and aesthetic medicine. Each issue features high quality educational articles, journal and book reviews, and news from the international conference scene.

13 Session Formats

IMCAS offers dynamic and stimulating formats so that your educational experience is not only enriching but also enjoyable. All sessions terminate with a final Q&A time, so whichever learning method you choose, there is always the opportunity to ask your burning questions to the experts.

Check out the format of each one of our 336 sessions while browsing content in detail, in the following pages

1. BATTLE

An interactive debate of a core problematic where speakers "battle" with 3 to 5-minute presentations that support or defend their stance on a topic.

2. CLINICAL CASE STUDY

2 to 5-minute presentations of clinical cases relating to a pre-determined topic, followed by brief discussions from speakers giving their councils.

3. CONTRIBUTING LECTURES

6 to 12-minute presentations chosen among abstract submissions.

4. FOCUS SESSION

Sessions that delve in-depth through 6 to 12-minute presentations, allowing speakers to elaborate on the thematic.

5. INTERACTIVE WORKSHOP

Training session that incorporates the maximum of innovative technical tools, including videos and/or live transmissions.

6. MEET THE EXPERTS

The first part of the sessions features a roundtable of 3 to 4 experts each giving 5-minute presentations on a defined topic, followed by a dedicated, open Q&A session where audience freely asks relevant questions to the experts.

7. PATIENT DEMONSTRATION

Live demonstrations on live patients, presented in successive 20-minute treatments performed by experts. Each set of demonstrations is grouped per topic.

8. E-PUBLICATIONS

Digital presentations of e-posters and scientific articles, delegates may browse through these publications on designated computers.

9. PRODUCT ANALYSIS

A 5 to 10-minute presentation of a comparative study conducted on a category of product or device by a team of experts, followed by a roundtable discussion and comments by each company representative.

10. REGIONAL MASTERCLASS

A set of successive 8 to 20-minute presentations focusing on a specific world region and its population's most intriguing specificities.

11. SYMPOSIA

Under the responsibility of exhibiting companies, symposiums provide promotional and education information on products and services directly to attendees.

12. TARGET COURSE*

A 1-hour course by 1 or 2 experts that offers focalized trainings on a specified topic. These intimate sessions provide greater opportunity for discussions and are targeted for beginners to experienced physicians.

13. VIDEO COURSE*

A 2-hour course on a focused topic where 1 or 2 experts provide highly practical trainings and techniques through video presentations.

New! IMCAS Surgery

3-DAY AESTHETIC SURGERY COURSE

Surgeons, rejoice! IMCAS is proud to introduce IMCAS Surgery, a brand new module that will revolutionize the standards of surgical training. Led by world-renowned experts and endorsed by a number of European and International scientific societies, IMCAS Surgery aims to provide practical courses to improve the depth and breadth of your surgical skills.

For a stimulating and invigorating learning experience, the sessions of the first day will be presented in a BATTLE format, a duel wherein which two speakers with opposing stances on a surgical procedure "fight" to defend or advocate their methodology.

The second day workshop, the LIVE Aesthetic Surgery Workshop, will feature cutting-edge training tools for the ultimate hands-on surgical experience.

Last but not least, a half-day module dedicated to residents will welcome the new generation of young surgeons with in-depth practical courses.

ON FRIDAY

This program has been reviewed by the Educational Council and is officially Endorsed by the International Society of Aesthetic Plastic Surgery (ISAPS). Endorsement is not approval for Continuing Medical Education (CME) credit. The organizers may at their discretion provide separate CME credit.

GLOBAL MARKET SUMMIT

SEIZE THE AESTHETIC MARKET

AMPHI HAVANE (LEVEL 3)

Welcome to the first edition of **IMCAS Global Market Summit**, a full day including three main events for all the various players from the dermatology, plastic surgery and aesthetic market. From physicians, industry leaders, entrepreneurs to start-ups and investors, you get access to a range of sessions in order to understand the main elements and activities of our market: mergers & acquisitions, future innovations, deployed strategies and investments, and many more.

The Innovation Shark Tank starts the day, presenting some of the most promising international start-ups that compete for the Innovation of the Year award.

After a well-deserved lunch, The Investors' Forum unites analysts, physicians, industry players and investors including venture-capitalists from all over the world to discuss the challenges, opportunities and related emerging technologies in order to achieve higher returns in the medical aesthetic market.

The Economic Tribune concludes the Global Market Summit with an analysis of the various market segment figures including the latest mergers and acquisitions. During the following round tables, CEO of the industry leaders acknowledge their company's latest strategies. Exchange with them and discover their vision of the market.

You are then most welcome to join the Networking Cocktail and discuss with all the players of our market around a drink.

INNOVATION SHARK TANK

9 AM - 12:30 PM

A Shark Tank is an opportunity for up-and-coming start-ups to pitch their unique ideas to a jury of leaders in the industry. After a successful inaugural Shark Tank that took place in February 2018, this 2nd edition gives entrepreneurs the chance to showcase their innovations of tomorrow.

Emerging aesthetic companies are applying to take part to the event, each attempting to demonstrate how their innovation will uniquely solve a problem in the dermatology, plastic surgery or aesthetic science field. Among all the applications received, and through a difficult decision process, only 15 of the best disruptive companies have been chosen to present live.

Each company has 8 minutes to showcase its solution, explain what makes it stand out from others on the market, and demonstrate its value. The jury and audience have the chance to question the start-ups before voting for their favorites.

One worthy company will be voted the 'IMCAS Innovation of the Year' and two additional start-ups will be voted 'Promising innovations'.

Join this exceptional event, discover tomorrow's world innovations and vote for your favourites!

CME

IMCAS offers its participants Continuing Medical Education credits (CME), a trademark of quality in educational activities. The number of CME credits that IMCAS obtains for participants varies according to the duration of the congress and the accrediting organization, given that the requirements differ from one country to another. IMCAS congresses have been consistently accredited in Europe, USA, China, Indonesia, Hong Kong, India, among other locations. By attending IMCAS World Congress 2019, European physicians will obtain CME credits and can request their conversion to local credits by contacting their national accrediting authorities. For French physicians attending this conference, dedicated sessions accredited by ANDPC will be available and identifiable within the program.

HOW

TO OBTAIN YOUR CERTIFICATE OF ATTENDANCE AND CLAIM YOUR CME CREDITS?

At the end of the conference, each registered delegate has to fill in an online evaluation form in the 30 days following the congress. To do so, please log in to your personal account on the IMCAS website: www.imcas.com

Should you have forgotten your username and/or password, please contact us at: contact@imcas.com

Once your evaluation is submitted, your Certificate of Attendance will be available for download on your account along with a full explanation on how to claim your CME credits.

FRANCE	EUROPE	EUROPE	USA
Through the Agency of Continuing Professional Development (Agence de DPC) To follow the DPC program, please present yourself to level 0 at the dedicated DPC desk to sign the attendance lists. ***Surgical Action: 59991900001*** ***Dermatology Action: 59991800003***	Through the European Accreditation Council for Continuing Medical Education (EACCME) ***24 CME credits, Event code: LEE18-01719 (Full conference)*** or 8 CME credits per day	Through Ethical Medtech The Medtech Europe Code of Ethical Business Practice sets strict, clear and transparent rules for the industry's relationship with Healthcare Professionals (HCPs) and Healthcare Organisations (HCOs), including arrangements with consultants, research and financial support to medical education. HOW
DOES IMCAS ENSURE THE HIGHEST QUALITY CONTENT AT ITS CONGRESSES...

WHY DELEGATES EVALUATIONS?

The post-congress evaluations completed by attendees are invaluable as they enable us to continuously improve our congresses year after year and to ensure we offer delegates a program that matches their educational needs and expectations.

At IMCAS World Congress 2018, the online delegate evaluations revealed the following:

70% OF PARTICIPANTS SAID THAT FOLLOWING CME PROGRAMS IS MANDATORY IN THEIR COUNTRIES

96% OF PARTICIPANTS WOULD ATTEND A FUTURE IMCAS CONGRESS

97% OF PARTICIPANTS RATED THE SCIENTIFIC TOPICS AS GOOD TO EXCELLENT

97% OF PARTICIPANTS RATED THE SCIENTIFIC SPEAKERS AS GOOD TO EXCELLENT

COI

WHAT IS A CONFLICT OF INTEREST? (COI)

A COI is a situation in which a person has a sufficient personal and/or financial relationship with a commercial or non-commercial entity that may bias the content of his or her presentation. The appropriate and most open course of action is to disclose activities and relationships that, if known to others, might be viewed as a conflict of interest, even if speakers do not believe that any conflict or bias exists.

HOW DOES IMCAS ACKNOWLEDGE COI?

IMCAS insists on complete independence between instructional (or scientific) courses and the industry sponsors of its congresses.

Scientific lectures are presumed to be based on objective interpretations of evidence and unbiased interpretations of facts with a fair representation of all specialties concerned in the field of aesthetics. This includes both medical aesthetics, such as plastic surgery and dermatology, and non-medical aesthetics, such as the cosmeceutical field.

The integrity of our congress requires disclosure of any potentially distorting influences. The audience may then judge and, if necessary, make allowance for the impact of the bias on the information they receive.

WHO DOES THE COI POLICY APPLY TO?

Anyone who is a speaker during the conference or contributes to the development of the scientific program, including:

• All Members of the Scientific Board (Course Director, Course Coordinators, Scientific Secretaries, Members of the Scientific Committee)

• All Faculty Members

Disclosure must be made whether the speaker has or does not have a COI within his or her lecture content. This disclosure form will be automatically displayed before the presentation slides of the speaker.

Furthermore, in order to comply with international accreditation criteria, each member of the Scientific Board has to fulfill additional COI requirements and must provide a written declaration of potential or actual COI for the IMCAS congress they are participating in.

WHAT IF THE SPEAKER DECLARES "NO CONFLICT OF INTEREST"?

This means that the speaker nor any member of his or her immediate family has a significant financial arrangement or affiliation with the product, device or company involved in the congress, or any potential bias against or towards another product, device or company.

GENERAL INFO

ACCIDENTS, LOSSES OR DAMAGES

Neither IMCAS nor the Palais des Congrès accepts liability for damages and/or losses of any kind that may be incurred by congress participants or by any accompanying person during both the official conference and social programs.

You are responsible for your own property. Please do not leave any property unattended in the venue.

Attendees participate in all events at their own risk. Attendees are advised to have insurance against loss, accidents or damages that could take place during the congress. Verbal agreements will not be binding unless confirmed in writing.

BADGE AND ACCESS POLICY

IMCAS strictly complies with the criteria required by the CME accreditation organization. That is why access to the congresses is subject to a number of regulations that aim to guarantee the scientific independence of the congresses, and to preserve it from any commercial interest or influence. A precise badge policy has been implemented, specifying the rules of admittance to the different areas of IMCAS congresses.

Following the IMCAS badge policy is mandatory for all participants. If violated, IMCAS is authorized to take measures which may lead to the withdrawal of the badge and the prohibition of access to the congress area. According to each participant's status (delegate, faculty, exhibitor, etc), a corresponding barcoded badge with a specific access is issued.

BADGE CATEGORIES

IMCAS welcomes all professionals active in the world of aesthetics, including doctors and related professional bodies. Access to the conference rooms is dependent upon whether one holds a physician, non-physician or corporate professional badge. Access to the exhibition hall is available for all badge types.

A full access delegate registration includes:
- all conference sessions during the three days (excluding optional courses)
- access to the exhibition hall
- complimentary lunch and beverages

CLOAKROOM

The cloakroom is at your disposal on Level 2 in the corridor outside Amphi Bleu during the entire congress.

Cloakroom hours & fees:

6:45 am to 7:15 pm
€2 per item

CONFLICT OF INTEREST

IMCAS insists on complete independence between instructional (or scientific) courses and the industry support of its congresses. The integrity of our congresses requires disclosure of any potentially distorting influences; having a strict COI policy helps us keep it intact.

The COI policy applies to anyone who is a speaker during the congress or contributes to the development of the scientific program; this includes all members of the scientific board and all faculty members.

CONGRESS APP

This congress features the launch of the official IMCAS Congress App. Download it on your phone for free so you can enjoy features such as customizing your agenda, or optimizing your time with the interactive map that helps you locate rooms and calculates the travel distances within the venue.

EXHIBITOR DIRECTORY

Finding your way through an array of 280 companies is now made easier with this fantastic source at your disposal. Whether you want to find out about which companies are specialized in fillers or how to get in touch with distributors of lasers in your country, this booklet has your answers.

It's a handy reference to take home with you.

FOOD & BEVERAGES

- **Animation carts**: look for *tuk tuks* throughout the exhibition hall, and enjoy the hot beverages they offer during the conference period!

- **Coffee & lunch areas**: Complimentary lunch and beverages are available for delegate and faculty badge holders.

There are 5 areas where you can purchase snacks and drinks all day long. Please refer to the map to find the designated food courts.

GALA DINNER

The Gala Dinner offers a fabulous ending after intensive learning. Enjoy the fine dining and entertainment at Pavillon Cambon Capucines and wine down with friends and colleagues.

The dinner takes place on Saturday night at 8 pm. Come to the Registration desk to check for available seats.

IMCAS has the pleasure of hosting this event with special support from Alta Care Laboratories, BioScience, Laboratoires Vivacy and QUIRIS Healthcare.

HOSPITALITY SUITE

Hospitality suites are sponsored meeting rooms in which companies can host internal meetings or welcome their clients, partners and VIP guests.

See page 160 for the list of sponsors with a Hospitality suite.

IMCAS ACADEMY

The go-to e-learning platform dedicated to dermatology, plastic surgery and aesthetic procedures, IMCAS Academy houses presentations from IMCAS congresses, live webinars, IMCAS Alert and scientific blogs. The features are now even more accessible with the Academy App.

Head over to one of the Academy booths located on each level to try it for yourself. You can also benefit from a special offer available only during the congress!

INFO DESKS

Whether you have questions about the courses or need help finding a room, you can always come to the Info desks located on Level 1 and 2. A member of our staff will help you with any of your demands.

LE CAFE PARISIEN - VIP LOUNGE

Accessible exclusively to delegates who have registered for the "All Inclusive" Pass or purchased the VIP Lounge option, Le Café Parisien is a calm and comfy lounge area located on Level 3 that offers non-stop catering, daily international newspapers and a personal concierge service, so you may find a moment of zen in the midst of the bustling congress.

LEARNING SPOTS

Scattered throughout the exhibition area, keep an eye out for the learning spots, which provide additional learning opportunities outside the sessions.

- **E-publications**: Digital presentations of e-posters and scientific articles that delegates may browse through on designated computers at the E-learning station on Level 2.

- **Video papers**: Pre-recorded video presentations are taking place in the Courtyard Video Paper Stage on Level 2. Visit on Friday for the sponsored and Saturday for the non-sponsored video papers.

- **Journal corner (level 2)**: Delegates have free access to scientific journals peer-reviewed by medical societies. Each journal partner has been chosen based on the content quality.

- **Magazine desk (level 3)**: Check out the diverse magazines our partners provide.

- **Future congresses desk (level 3)**: Find flyers and information on upcoming conferences in dermatology, plastic surgery and aesthetic science. Should you wish to market your course or any distinguished event, you can contact our Secretariat who will be more than happy to have your material displayed as well.

MEDICAL EMERGENCY

Please dial 15, 18 or 112.

MY QUESTION BOX

This year, IMCAS is launching a fun activity to get to know our participants on a whole other level. Come inside this mysterious box on Level 3, a cozy and private interview booth, and answer a series of questions that range from tricky to personal to plain silly. Videos of your personal interview will be shared on our social media outlets!

NETWORKING COCKTAIL

Taking place on Friday evening in front of Le Café Parisien, the Networking Cocktail provides the perfect opportunity to expand your professional network and to socialize in open and engaging conversations.

OPTIONAL COURSES

IMCAS congresses offer attendees the possibility to register for optional courses, providing an opportunity for focused learning of specific techniques and topics. Register for an additional fee at the Registration desk.

- **1-Hour Target Courses**: Various 1-hour in-depth courses on a topic of your choice, led by 1 to 2 experts of the theme. We recommend that you choose up to a maximum of 3 Target Courses in order to enjoy the whole congress!

- **2-Hour Video Courses**: Various 2-hour courses on a topic of your choice where experts showcase videos for a practical training approach.

RECORDING POLICY

Recording (photographic, video and audio) of the sessions of IMCAS congresses is STRICTLY PROHIBITED. Violators will be banned from future meetings and their equipment will be confiscated.

SELFIE CORNERS

Capture the moment forever and bring home a personalized souvenir. Our Selfie corners welcome you during the entire congress. Find them on Level 1 and 3!

SPEAKER'S PREVIEW ROOM - CLUB LOUNGE

This room is located on Level 3, and only accesible to speakers.

All session rooms are equipped with computer projection. To ensure a successful lecture, speakers are required to have their presentation content delivered to the Preview Room one day before (or at the latest, two hours prior to) the start of the session. No direct plug-in or connection is allowed in the session rooms.

TRAINING LABS

Those group sessions are proposed by sponsoring companies as a different training experience. Unlike symposia, their format focuses on small and intimate groups, consequently allowing for closer interactions between the audience and the teaching team.

See page 160 for the list of Training labs for this event.

TRANSLATION

The official conference language is English.

Simultaneous translation from English to Russian is available in pre-defined rooms. You can pick up for headsets at the Translation desk on Level 2.

Cost: € 30
Required documents: Passport or ID
Please note that in case of loss or damage, you will be charged a €420 fee.

WEBCAST

These private presentations are filmed in an small studio found on the mezzanine Level 3,5 in Room 338 M.
The videos of this format will be available exclusively on IMCAS Academy.

WIFI

Complimentary WiFi is available throughout the venue.
The network name and password to connect are marked on your badge.
